

Hands-on Exercise

- Download www.cs.uml.edu/~jyang/hemingway.html
 - Open hemingway.html in a notepad.
 - Add the following between `<head>` and `</head>`

```
<link type = "text/css"
  rel="stylesheet"
  href="hemingway.css">
```
 - Update any `<p>` to `<p id="here">`
 - Update any `<p>` to `<p class="tips">` and save it
- Open a new notepad file, enter what is on the right and save as hemingway.css

```
Body {color: black;
  background-color:
  pink;}
```

```
p {font-family: Verdana,
  sans-serif;
  color:black;
  background-
  color:silver;}
```

```
#here {color:white;
  background-
  color:maroon}
```

```
.tips
  {color:silver;
  background-
  color:black}
```
